Subd. to the 2nd Council for favour of early orders. (9)

Govt. have sanctioned a special grant of Rs. 65,000/ for Police buildings on the gold fields. Of this Rs. 35,000/ have been allotted for Police lines for Cus tables. (clause 5 para) by the Govt. order of 31st Aug. (00) But the 4 blocks of temporary Police lines now recommended are estimated to cost Rs. 18,540 as covered in the Chief Engineer's office and the Govt. Council has called back in addition to the above the P.W.D. will undertake the construction of 4 sets of permanent Police

I will keep party & the original estimate being exceeded. Under head.

Submitted.

from the G.Gls
present letter (8th Govt. /0/)
it would appear that
they are not going to
have separate quarters
for Hd. Constables
who will be accom-
-modated in the
Police lines. Rs. 15,000/-
provided for H. Constables

quarters is transferred
= thereby
raising the grant
for Police lines to
(Rs. 35,000 + 15,000) =
Rs. 50,000/. The present
estimates for Police
lines both Pucka &
Kutcha amounting
to Rs. 43,612 may
therefore be sanctioned.
The estimate for Pucka
lines provides for
burnt-brick-in-mud
walls instead of
corrugated zinc walls
as sanctioned in cl.
5 of para 7 of G.O.
No. 31. 8. 1900.
This modification of

The order may also be sanctioned & recommended by the G. St. AK 16/1/01

It seems clear that the No of huts will be reduced, & that those & the hill would be nearly the value of nearly Kalthe the total cost being well within the amount already sanctioned. The variations proposed is only a matter of detail & may be allowed.

The Secretary to Govt has been asked to state if the Govt. is prepared to sanction the construction of 74 huts for the accommodation of the Police Force at Kolar during the Gold Mines Strike at a cost not exceeding Rs 27,679-11-1 as proposed by the Collector in his letter dated 20th August 1906.

2. The Chief Engineer has been consulted and has submitted detailed proposals for the construction of the huts. The Collector has been asked to state if he is prepared to undertake the construction departmentally.

3. The Collector has replied that he has no objection to the work being done by the Revenue Department. The Chief Engineer has been asked to state if he is prepared to undertake the work departmentally.

4. The Chief Engineer has replied that he has no objection to undertaking the work departmentally. His proposals may be approved and the Chief Engineer informed accordingly.

MYSORE P. W. DEPARTMENT.

No. 1041 / 5-947

BANGALORE, 7th December 192

From THE SECRETARY TO THE GOVT. OF MYSORE,
P. W. DEPARTMENT.

To

The Supdg Engineer, Eastern Circle.

Sir,

His No. 4624 of the 4th instant, submitting for sanction, the following Estimates for Police Buildings in Kolar Gold Fields:-

(1) Constg: permanent Police Lines in Bangarpet Rs 25,072

(2) Constg: Police Supdt's Quarters. 12,984

(3) Constg: Police Supdt's Office ... 2,148

I have the honor to return duly sanctioned, the Estimates for Constg: Police Supdt's Quarters, and his office for Rs 12,984 & Rs 2,148, respectively, and to request that the Supdg Engineer will be good enough to arrange for the Contract &c of these works, so that there may be no delay in starting them, as soon as the rates for them have been settled by the Dy: Commissioner, who

should be asked to be good enough to do so at once. The approval of the Inspector General of Police to these Estimates should be obtained, and he should be asked to place the amount required at the disposal of the P.W. Dept. out of the grant of Rs 65,000 sanctioned by Govt. in Pro. no: 3257-60 J. 312 dated 31st August 1900.

II As regards permanent Police Lines for Constables, attention is drawn to para 7 (5) of the Pro: quoted above, in which it is distinctly ordered, that the lines should be constructed of corrugated Zinc walls & mangalore tiled roofs, so that they can be easily removed, if site is found unsuitable. But the project submitted by Mr. Kane, and approved by the Dy: Commissioner, provides for a permanent structure of Burnt-brick-in-mud walls with mangalore tile roof. As it is no where stated why the above Govt order has not been adhered to, the Supdg: Engineer is requested to submit explanation on this point, before sanction can be accorded to the

project. —

His No: 4700 of the 8th instant, forwarding copy of Public Works Secretary's No: 1041/6947 of 7th idem, sanctioning the projects for constructing Police Superintendents' Quarters and Office at the Kolar Gold Fields with certain observation.

---"---

With reference to para II of the Public Works Secretary's docket quoted above, has the honor to report that provision for burnt brick-in-mud walls

walls instead of corrugated zinc sheet walls was made in the estimate for constructing Pucka Police Lines at the Gold Fields, in accordance with the suggestion of the Deputy Commissioner who considered that the zinc sheet walling might prove uncomfortable for the occupants during summer and winter seasons, as the Lines are to remain permanent.

The Kacha Police huts comprising 24 sets of lines of 12 huts each which are to be removed whenever required, are now being built under the supervision of the Deputy Commissioner.

× 7144-45 dated 12 November 1900.
1729
& 90/2-3881 dated 13 December 1900.

Sir,

With reference to the Government Proceedings noted in the margin and official memo: No: 8485/ 7945 dated 24th. December 1900 forwarding letter No; 1061/ 6175 dated 21st. idem from the Secretary to Government, Public Works Department, to the Revenue & General Secretary to the Government of Mysore, I have the honour to state that in the Police Lines pucka proposed to be constructed by the D. P. W. and the kutcha or temporary undertaken by the Revenue Agency, accomodation will be provided for the Head Constables and accordingly the estimated cost of the 2 sets of Lines viz. Rs. 43612 is well withi the grant of Rs.50000 sanctioned in Government Proceedings No 3257-60/1342 dated 31st. August 1900, para3.

2. It was originally intended to adopt a temporary structure for all the lines. But the Deputy Commissioner has after carefully considering local conditions, come to the conclusion that about one half of the new lines might be made pucka, about the other half being allowed to be temporary with slight modifications in constructive detail. Owing to this change in the programme, the estimated cost of each hut both pucka and temporary, has exceeded the sanctioned estimate. In order, however, to keep within the grant, the number of huts will be reduced. I have arranged to visit Kolar Gold Fields about the middle of this month to discuss these matters and inspect the sites for the lines and the quarters of the Police Superintendent and shall make a further report.

3. In the meantime I beg to recommend that the proposal to build pucka lines with walls of burnt brick in mud, instead of corrugated zinc sheets, and the estimates as submi

ted, may be sanctioned. Original forms dated 24 December for with enclosures are returned.

I have the honour to be,

Sir,

Your most obedient servant,

A Hargreaves Jenyns

Enclosure.

From

A. RANGASAMIENGAR ESQR. B. A., B. L:
INSPECTOR GENERAL OF POLICE IN MYSORE.

To

The Secretary to the Government of Mysore,
General and Revenue Departments.

SIR,

In continuation of my letter No. 2333-249 dated .. instant, recommending that Government may sanction the pro- posal to build at an estimated cost of Rs 25072 the Pucka lines for Police Constables on the Kolar Gold Fields with walls of burnt brick in mud instead of corrugated zinc sheets as originally proposed, I have the honor to state that I paid a visit to the Kolar Gold Fields and inspected the temporary Police huts now under construction by the Revenue Agency, in company with the Deputy Commissioner and the Police Superinten- dent on the 17th Instant. The temporary or Kucha huts consist of stone pillars with walls of unburnt brick in mud and Manga- -lore tiled roof. The nature of these buildings though called temporary, are sufficiently substantial. In case of necessity however, for any change in the locality, the wooden materials tiles, stone pillars and a portion of the unburnt brick, can be easily removed. To protect these walls against the rains, I have directed that the walls exposed to the rains may have a course of burnt bricks on the outer surface. Messrs Carr and Mainwaring consider that the entire buildings required for Constables and Head Constables may be permitted to be built by the Revenue Agency with materials as above instead of by the Public Works Department with burnt brick in mud walls &c as per estimates submitted for sanction. The probable cost of the

100 Police Lines and 15 Head Constables Lines will then be well within the sanctioned grant Vizt, Rs 50,000 . I have however called for the revised estimates and shall submit them for sanction on receipt. I beg that under the circumstan the estimates submitted by the Public Works Department, may not be sanctioned as already requested and that permission ma be accorded to construct the whole of the Lines by the Revenu Agency with walls of unburnt brick in mud and Mangalore tiled roof.

Ihave the honor to be

Sir,

Your most obedient servant,

Arungsamy Gupt

Enc. [illegible]

From

THE INSPECTOR GENERAL OF POLICE IN MYSORE.

To

THE SECRETARY TO THE GOVT. OF MYSORE,
GENERAL AND REVENUE DEPARTMENTS.

Sir,

In continuation of this office letter No 2482- 275 dated 19 th January 1901 requesting Government sanction for the whole of the Police Lines on the Kolar Gold Fields being constructed with walls of unburnt brick in mud and Mangalore tiled roof under the Revenue Agency, I have the honor to forward herewith copy of letter No 858 dated 22nd Instant together with its enclosures in original namely, two sets of plans and estimates , received from the Deputy Commissioner of Kolar District. As already stated in my letter to Government referred to above, I fully concur with the Deputy Commissioner* in the view that it is desir-able to have the Lines built on the type plan and estimate proposed by the Deputy Commissioner. There is no fear of the huts being damaged in the rainy season as I have requested the Deputy Commissioner to arrange for a course of burnt bricks being put on the outer surface of the walls at exposed points. Twenty huts now under construction are estimated to cost Rs 7481/- as per Contractor's estimate and it is proposed by the Deputy Commissioner to have 74 huts of this type plan, built for the present at a cost of about Rs 27679-11-2. I be[illegible] that under these cir[illegible]

* 20 huts now under construction at Champion Reefs Station
40 huts at Mosquito Station
10 huts at Bellgaut Station
4 huts at Kail Station.

circumstances, the Government may be pleased to accord sanction to the proposal at an early date.

As the construction of the 20 huts ~~huts~~ is already progressing, it is necessary that the Deputy Commissioner should be provided with funds to make payments to the Contractor so as to enable the latter to complete the buildings. I beg therefore that the Comptroller may be authorized at once to place the estimated ampunt for these huts namely, Rs 7481/- at the disposal of the Deputy Commissioner.

I have the honor to be,

Sir,

Your most obedient servant,

INSPECTOR GENERAL OF POLICE IN MYSORE.

(12/a)

From.

F. E. C. Garrr Esquire
Deputy Commissioner
Kolar District

To,

The Inspector General of Police
in Mysore

Sir

Re. the Police lines in the
Kolar Gold Fields.

Your recent visit to the Kolar Gold Fields has, I trust enabled you to see that the style of "Kutcha" Police lines which are now under construction at — Champion Reefs, are more economical and in every way quite as suitable for our purposes, as the best permanent lines could possibly be.

(2) In constructing lines on the Kolar

Gold Fields, we have always to bear
in mind that they may be needed
on their present location for only a
few years, and that consequently
it would only be a pure waste of
public money to construct permanent
and expensive lines anywhere in
that locality.

) It was with this end in view,
hat in the original proposals, it was
suggested, vide Sec: VII Para V of
Government Order No. 3257-60/3342 dated
st August 1900, that the lines of Head
nstables and Constables should be
instructed with corrugated zinc
alls and Mangalore tiled roofs,
o that they could easily be removed
f necessary.

) On further experience of the wants
the Gold Fields, however, and in
nsultation with you, it was thought
at corrugated iron walls were hardly
itable, and we finally decided to
ild lines with stone uprights raw
ick in mud walls, and Mangalore

area roofs.

(5) If this pattern is adhered to, we shall be able to construct the number of huts required for both constables and Head Constables within the sanctioned amount, and this will coincide with the orders of Government as set forth in the concluding para of their order No. 7144-45/7799 dated 22nd November 1900.

(6) In anticipation of final sanction and as delay was to be avoided, owing to the pressing nature of our wants in this respect, a contract for the construction of 20 huts of the above pattern was given out by the Superintendent of Police in December last. These buildings are now nearing completion. The contractor Mr. Mohan Singh has carried out his work most satisfactorily and is in need of a substantial advance to meet the cost of tile etc., and I therefore request that a sum of Rs 3000/- may be placed at my disposal to meet requirements.

7) Plans and estimates as drawn
up by the Executive Engineer, and
the contractor, are herewith forwarded
for information, from which it will be
seen that the contractor's rates are
considerably below those of the D. P.W.

) I propose therefore to carry out
the constructions of all the Police huts
the fields on the same lines, either
through the same contractor, or any
others who may tender for the work.

) For the present it is suggested
that 40 more lines should be constr-
ucted at Doraqaum adjoining the
present huts.

10 more at Balaghat station
4 more at Ephat station

or with the 20 now under construction
at Champion a total of 74 huts.

We shall later on require 20 or 30 f
huts more at or near Masikam or
one place near the new town; but

this cannot be decided until the new town plans are completed and carried into effect.

I have the honor to be
Sir,
Your most obedient Servant
(Sd) F. C. Carr
Deputy Commissioner
Kolar District

SECTION S.E.

FILE No.

SERIAL No. 1 45

Letter No. 1061/6175 dated the 21st December 1900 from the Chief Engineer and Secretary to the Govt. Public Works Deptt. forwarding copy of docket No. 2500/502 dated the 11th idem from the Executive Engineer, Kolar Division and enquiring whether under the circumstances therein stated, sanction may be accorded to the Estimate of Rs 25072 which provides for the construction of the Police Lines proposed to be built at the Kolar Gold Fields with brick-in-mud walls, instead of with corrugated zinc walls as advised by Govt in paras 7 (5) and 9 of Proceedings

No 3257-60 / 342 dated the 31st August 1900.

2. Correspondence ending with letter No. 2535/291 dated the 25th January 1901 from the Inspector General of Police reporting that it is proposed by the Deputy Commissioner Kolar dist: to construct 74 huts in all on the Kolar plan with walls of sun-burnt brick in mud and Mangalore tiled roof under the Revenue Agency at an estimated cost of Rs 27679-11-2, on the Kolar Gold Fields of that 20 of these huts have already been commenced ~~that he agree~~ with and requesting sanction to these ~~Dy Com's~~ proposals in which he Concurs.

Order

order thereon. No: 9534-36 dt 4-2-01
J 1090

Under the circumstances represented by the Inspector General, the Govt are pleased to convey sanction on the type plan to 74 police huts, being built under Agency by the Revenue Subordinate on the Kolar Gold fields at a Cost of Rs 27679-11-2 which will be met from the amount is well within the grant sanctioned in Govern-ment Proceedings No. 3257-60 J 342 dated 31st August 1900.

2. The Comptroller will be requested to place Rs. 7481 of the sanctioned amount at the Dr. Commrs disposal at once, & call for the charges on account of the 20 huts already under construction.
